TheatreSquared, Northwest Arkansas' regional theatre, offers its sixth annual Summer Drama Academy, a two-week "total immersion" in the theatrical world of the most celebrated playwright of all time—William Shakespeare! In the mornings, students will study acting, movement, combat and design and, in the afternoons, rehearse an abridged version of one of Shakespeare's thrilling tragedy, *MACBETH!*

This creative camp is perfect for students who are new to theatre as well as for those who are interested in further developing their skills. The program promotes active engagement and nurtures respect for the power of language, the examination of complex ideas, the expression of imagination and the deepened understanding of the richness of human experience. T2 camps enhance life skills of self-confidence, discipline, integrity, commitment and teamwork. This year's summer drama academy will culminate in a public performance of William Shakespeare's *Macbeth*.
